

Geography – Scotland’s Census 2022

Administrative Boundary Changes since 2011

Boundary Changes

Boundary change details are published in Statutory Instruments (SIs).

Many of these are available online at the [Legislation Service](#) website, your local library and council should also be able to provide information.

There have been two local authority changes since 2011.

Local Authorities Affected	Location	Statutory Instrument	Effective date
Fife Perth and Kinross	Keltybridge	SSI 2017 No 430	2 February 2018
Glasgow City North Lanarkshire	Cardowan, by Stepps	SSI 2018 No 308	1 April 2019

The 2011 Output Area boundaries do not take account of these changes.
